**MAJOR MEDICAL LEAVE**
Major medical leave is a benefit granted to employees to continue normal compensation during absences caused by illness, injury, etc. Combination leave is used for the number of hours equal to the length of the employee’s regularly scheduled work day, and major medical leave is used for the remaining hours of the absence. Major medical leave is accrued at 64 hours per year (prorated for employees working less than 40 hours per week). It is available for use after 90 days of employment.

Employees and the City make contributions to an International City Management Association - Retirement Corporation (ICMA-RC) 401A plan. The employee contributes 5.08% and the City contributes 7.62% of the employee’s salary. The employee chooses how contributions are invested. Investment choices range from conservative (low risk) to aggressive (high risk) opportunities. The 401A plan has a 20% per year vesting schedule. Prior service credit in Washington State Department of Retirement Systems plans will be credited towards the vesting schedule.

Under Social Security’s Government Pension Offset, any Social Security spouse’s or widow’s or widower’s benefits you may be entitled to will be reduced based on any pension you receive from the City’s retirement plan.

**SOCIAL SECURITY REPLACEMENT**
In lieu of Social Security, the City provides an alternative plan through the ICMA Retirement Corporation. The employee contributes 6.20% and the City contributes 4.77% of the employee’s salary. The employee’s investment choices range from conservative (low risk) to aggressive (high risk) opportunities. Employees are immediately 100% vested in the plan.
