Vendor Description

**Farmer:** Those who raise the produce, plants or animals which they sell at the Lakewood Farmers Market on land they own or lease/rent in the state of Washington, or counties which border Washington. This includes; farmers, ranchers, dairymen, apiaries, fisherman, etc. If a farmer farms on land that he or she rents or leases, they must provide the Market Management with a copy of the signed lease agreement(s). Farmer category also includes vendors who sell value-added products made from their own farms’ products.

**Artist/Crafter:** Artist/Crafters are persons or entities who craft with their own hands the products they offer for sale at the Lakewood Farmers Market. To qualify as a crafter, a majority of the tools and equipment used by the crafter to produce their products must require skills, personal handling and/or guidance by the crafter. Crafters should incorporate materials produced in Washington as much as possible. Crafters must create their products in Washington, or counties which border the state of Washington.

**Reseller:** Vendors who buy produce from farmers in Washington State, or counties which border Washington state, trucks it to the Lakewood Farmers Market and resells it directly to the consumer. The reseller is expected to be the only stop between the grower and the consumer.

**Processor:** Vendors who sell processed food which they have personally prepared on their own or leased/rented property. Processor vendors may sell processed foods, value-added foods, baked goods, and hot “ready to eat” foods. Processor vendors must provide Market Management with all applicable copies of licenses as appropriate to their product. Vendors are responsible for knowing and acquiring all necessary licenses. Processor categories include processed goods, prepared foods, and processed foods.

**Other:** Any vendor which does not fit into, or violate, any of the above standards.
